

# estonia

## a competitive and transparent economy

Estonia consistently ranks as one of the most open, competitive and transparent economies in the world. This success is due to a commitment to low red tape, the rule of law, and significant investment in infrastructure and human capital. This creates an environment that allows solutions and services to be researched, developed, and delivered globally.

## estonia has some of the highest international credit ratings in the region

Estonia's R&D ecosystem and digital capabilities make it an innovation hotspot. Successful start-ups include Transferwise, Skeleton Technologies, and Bolt, to name a few. Global giants like Ericsson, Arvato, Kuehne+Nagel, and NATO all conduct R&D in Estonia. As IT becomes the value driver across all industries, Estonia is uniquely positioned as the choice for digital- and knowledge-based businesses.

Extensive IT usage across the economy creates significant efficiencies, scalability, and real-time data

The Estonian tax code ranks first in the OECD Tax Competitiveness Index (2018)

0% corporate income tax on retained and reinvested profits

One of the most open economies in the world – export of goods and services exceeds 85% of the GDP

Northern Europe's hub for knowledge and digital business

## FDI stock by sector (2018)

## foreign direct investment

The Estonian Government demonstrates flexible and needs-based legislation with priority on facilitation of entrepreneurship. This has resulted in a simple, transparent and nimble business environment that is one of the key drivers of foreign direct investment in Estonia. Estonia is among the leading countries in the Central and Eastern Europe regarding foreign direct investments per capita.
