

Estonia is a land that attracts international attention, unites innovators and entrepreneurs, and brings together people with bold ideas and a growth mindset.

Looking for some inspiration?  
Here is a short list of the  
most important events in  
Estonia in 2024.

## January 2024

### sTARTUp Day 2024

[www.startupday.ee](http://www.startupday.ee)

24 – 26 January

University of Tartu Sports  
Centre, Tartu, Estonia

**Target group:** startup-minded people, entrepreneurs, investors, innovators, business executives

**Promo code:** INVESTOR2024 (15% off from Investor ticket)

sTARTUp Day 2024 is a three-day business festival with a marvellous stage program, effective matchmaking, hands-on seminars, a demo area full of innovation, and vibrant side events. The inspirational educational program consisted of various topics — from mental health to space tech, founder stories to aviation, and DeepTech to the creative economy.

### EstMil.tech 2024

[www.estmil.tech](http://www.estmil.tech)

24 – 25 January

Tallinn University of Technology  
(TalTech), Tallinn, Estonia

**Target group:** security experts, representatives of the defence forces and defence industry, and researchers involved in the development of emerging and dual-use technologies.

The main theme of the conference will be the challenges of military technology in a small country context. The conference expects to cover new players on the future battlefield, the role of military AI in future conflicts, challenges and lessons learned in military AI technology developments, measures to increase survivability through electronic warfare technologies, and models for cooperation with small defence industries.

## Navy Tech 2024

[www.navyleaders.com/navy-tech](http://www.navyleaders.com/navy-tech)

30 January – 1 February

Hilton Tallinn Park,  
Tallinn, Estonia

**Target group:** military personnel, government departments, and other end-users

Globally, naval forces are facing complex threats like uncrewed systems, anti-ship munitions, and Cyber/EW effects, that will challenge the ability to compete with peer adversaries in future warfare. Naval forces are transforming physically, conceptually, and culturally to maintain an advantage in an ever-shifting world shaped by technology, climate change, and increasingly aggressive peers.

## EBAN Congress 2024

[www.eban.org/annual-congress](http://www.eban.org/annual-congress)

Spring 2024

Tallinn, Estonia

**Target group:** angel investors, entrepreneurs, industry experts, and opinion makers

EBAN congress is one of European Business Angels Network's flagship events. The 2024 EBAN Annual Congress in Tallinn, Estonia will bring together 500+ angel investors, entrepreneurs, and industry experts from around the globe to explore the latest trends, opportunities, and challenges in the startup ecosystem. From insightful sessions and workshops to engaging keynotes and cultural activities.

## April 2024

## BananaConf Tallinn 2024

[www.bananaconf.xyz](http://www.bananaconf.xyz)

22 – 24 April

Tallinn Creative Hub,  
Tallinn, Estonia

**Target group:** web3 pioneers and industry leaders

BananaConf Tallinn is a flagship event, where the focus is on creating a platform for incisive conversations between web3 pioneers and industry leaders eager to meet, learn, and share ideas on how to best utilize the latest Internet technologies, such as NFTs, dApps, and AI.

# May 2024

## Latitude59

[www.latitude59.ee](http://www.latitude59.ee)

22 – 24 May

Kultuurikatel,  
Tallinn, Estonia

**Target group:** investors, entrepreneurs, startups

Latitude59 is the flagship startup and tech event of the world's first digital society. Latitude59 2024 is going to be bold. The mission is to employ the tools, talent, and know-how of the startup and tech community to tackle the crises the world faces today.

## 16th International Conference on Cyber Conflict: Over the Horizon

[www.cycon.org](http://www.cycon.org)

28 – 31 May

Tallinn, Estonia

**Target group:** decision-makers, opinion leaders, law and technology experts from the field

The annual International Conference on Cyber Conflict, CyCon, hosted by the NATO Cooperative Cyber Defence Centre of Excellence addresses the most relevant issues concerning the cyber defence community. CyCon has established itself as a prominent multidisciplinary conference and community-building event, connecting practitioners with academia, governments and military with industry, and early career professionals with senior managers.

# September 2024

## Tallinn Digital Summit

[www.digitalsummit.ee](http://www.digitalsummit.ee)

September 2024

Tallinn, Estonia

**Target group:** politicians, government officials, representatives from international organizations, and the private sector

An annual event hosted by the Prime Minister of Estonia, the Tallinn Digital Summit brings together leaders from the digitally advanced world to address challenges and seize opportunities on our journey towards a connected digital future.

## Nordic-Baltic Security Summit 2024

[www.cybers.eu/en/security-summit](http://www.cybers.eu/en/security-summit)

12 September

Tallinn Creative Hub,  
Tallinn, Estonia

**Target group:** industry leaders and experts in the field

The No. 1 cyber security event and meeting of minds for the Nordic-Baltic region.

## EW Live 2024. Prevailing in the EME

[www.tangentlink.com/electronic-warfare-live](http://www.tangentlink.com/electronic-warfare-live)

17 - 19 September

Tartu, Estonia

**Target group:** defence and security industry stakeholders

More than just a conference or trade show, EW Live, is presented by Tangent Link in cooperation with the Estonian Ministry of Defence, and the Estonian Defence Forces. The continued expansion of Electronic Warfare is the focus of the series. Delivering international thought-leading presentations together with opportunities for physical LIVE demonstrations to international EW communities. Inspiring EW excellence and best practices.

## October 2024

## Impact Day

[www.impactday.eu](http://www.impactday.eu)

10 - 12 October

Põhjala factory,  
Tallinn, Estonia

**Target group:** entrepreneurs, investors, public sector representatives, interested parties as well as organizers of various development programs.

Impact Day is the largest impact and sustainability festival in the Baltics. On Impact Day the most successful Baltic impactors in their given field will step on the stage; various practical workshops, discussions, panels, and pitching competitions will take place. The event culminates with an entertaining cultural program.

# November 2024

## GreenEst Summit 2024

[www.greenestsummit.org](http://www.greenestsummit.org)

**November 2024**

**Tallinn, Estonia**

**Target group:** public and private sector experts, cleantech companies and investors, industry leaders

GreenEST Summit has established itself as a leading platform for promoting sustainability and driving innovation in the green technology sector. It is the largest green technology conference in the region.

# December 2024

## EuroSTEM Conference

[www.eurostem.eu](http://www.eurostem.eu)

**14 -15 December**

**Tallinn Science Park Tehnopol,  
Tallinn, Estonia**

**Target group:** scientists, technologists, industry experts, and researchers

The Science & Technology conference EuroSTEM 2024 will feature insightful topics like advancements in biotechnology, emerging trends and future directions, Blockchain & web3 innovation, digital health, and many more. By promoting interdisciplinary dialogue and bridging the gap between academia, industry, and professionals, the EuroSTEM Conference drives advancements and accelerates the translation of scientific breakthroughs into practical applications.
